Product Spotlight: Cerused and Aged Finishes

Attributes: A truly aged and rustic color feature has long been sought after by many of our customers. We have developed a series of finishes that will bring a rustic reclaimed look to your dining space. We recommend using a dull gloss sheen when ordering these finishes, which will give your product a more natural appearance. Cerused finishes are only available on open grain species. The aged formula can be used on all species and the color will vary based on the reaction with tannins in each batch of wood.

Lead Time: 4-5 weeks

In addition to our impressive collection of solid wood plank and butcherblock top styles, we also offer genuine wood veneer, laminate, solid surface and stone table top options.
